## WE CAME TOGETHER WITH THE INSTRUCTORS OF MSKU DIGITAL GAME DESIGN DEPARTMENT!

As Bodrum Living Lab, we hosted the instructors of the recently established MSKU Digital Game Design department. We have spoken of the department's contribution to Bodrum and the game design sector. In addition, we have started education planning with the students of the MSKU Digital Game Design Department.

We would like to thank dear instructors Gizem Kayar, Berke Soyuer, Savaş Öztürk, whom we hosted at our entrepreneurship center.

## KEEP ADDING VALUE!

Intending to add value to Bodrum, we keep working as BoLL. During the last month, we hosted lots of entrepreneurs at our Living Lab, talked about the possible partnerships and how we can be helpful for them.

Here are some of the ventures that we hosted during the last month:

- Askıda Bostan
- Paul's Micro Farm
- Çiftçiden
- Sebze Tarifi
- Muğla Arıcılık Kulübü

We would like to express our thanks to all the entrepreneurs we hosted at our entrepreneurship center in the search of adding & creating value.

## WE PARTICIPATED IN BASAKSEHIR LIVING LAB DIGITAL ENTREPRENEURSHIP DAY!

We participated in Basaksehir Living Lab - Digital Entrepreneurship Day, held in the last month and hosting lots of digital ventures. With our co-founder Ersin Pamuksüzer making the opening speech, we took part as one of the jurors and had a chance to hear of many precious ideas.

We would like to thank Basaksehir Living Lab, showing incredible hospitality to us.

## WORKS IN COLLABORATION WITH BODTO, DISTRICT DIRECTORATE OF AGRICULTURE, AND CHAMBER OF AGRICULTURE

Within the activities we did during the last month, the works we have done in collaboration with BODTO, District Directorate of Agriculture, and Chamber of Agriculture took their place. As a result of these works done for encouraging data-based decision-making, we also covered some potential cooperation.

We would like to express our thanks to them for their precious ideas and participation.
