WE CAME TOGETHER WITH THE STUDENTS OF MSKU DIGITAL GAME DESIGN DEPARTMENT

We hosted the students of MSKU Digital Game Design Department in our living lab. We had a chance to answer many different questions during this joyful event, which we talked upon entrepreneurship.

We'd like to thank the students of MSKU Digital Game Design Department for their participation and valuable questions.

REGIONAL LIVING LAB SUMMIT

Established by Başakşehir Municipality, Başakşehir Living Lab and Istanbul Chamber of Commerce, Center of Information Commodification organised the 4th of Regional Living Lab Summit with the participation of representatives of the ecosystem on 24th and 25th of November.

On this event, including Technopark Istanbul as one of the shareholders and aiming to strengthen the cooperation among the public enterprises, private sector, educational institutions, financial institutions and entrepreneurship ecosystem, our co-founder dear Ersin Pamuksüzer and President of Bodrum Municipality dear Ahmet Aras gave a speech.

PROJECT 'MAVİ NESİL' IS SIGNED

Entitled to have the support as a part of the support program of social improvement of the ministry of industry and technology, aiming to provide the intermediate worker for the marine sector under the wing of Muğla Governorship, Protocol of the Project 'Mavi Nesil': the center of improving the education, ability and employment in marine and yatching sector, is officialy signed between Muğla Sıtkı Koçman University and South Aegean Development Agency.

We are happy for the fact that this agreement has been signed, and also excited for this project to be put into practice.
